Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 20 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A wet and windy few days.

Today:
After a dry start in the morning showers move in from the west and continue through the day. Showers may turn heavy by the afternoon. Winds pick up through the day. Colder than of late, especially in the wind. Maximum temperature 15 deg C (59 deg F).

Tonight:
Staying unsettled through the night, with further rain or showers. Windy, especially in the south of the region. A mild night. Minimum temperature 8 deg C (46 deg F).

Friday:
Staying unsettled on Friday with showers, heavy at times, and strong winds. Becoming calmer and drier into the night, with most places dry by the early hours. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
Calmer Saturday, with scattered showers and sunny spells. Then turning unsettled again as band of rain arrives Sunday giving frequent showers, heavy and persistent at times, and stronger winds.
